Additional declaration for addresses containing names

1. Pertinent information

Applications for special accounts with preferred mail addresses containing the names of living persons require the explicit consent of the name holders. Such applications may only be filed by the relevant person themselves.

Attention: These special accounts may only be requested by professors of the HU.

Transferring these accounts to third parties at a later date is **not** possible.

Please ensure that addresses are distinguishable from personal accounts. '*office.smith@hu-berlin.de*' would satisfy this limitation, whereas '*inbox.smith@hu-berlin.de*' would not be sufficiently distinct.
